Medemblik, Summer 2020

Dear Sir, Madam,

Would you like to use our winter storage facilities at MYS (Medemblik Yacht Service), please save and fill out attached Winter Storage Registration form and return it to us by e-mail at info@mys.nl.

Herunder you will find all information about yourself and your yacht we would like to receive. We will add your details to our files. At the same time you authorise us to keep and use your records on file at MYS.

Below you see the "Winter storage form 2020" in pdf. Please save this document on your pc or mobile device, before filling in all information. Please fill in your name and yacht name for identification. This will make the file unique for you. Thereafter you can tick the activities you want us to carry out. Some workorders are mandatory for winter storage inside like, emptying grey and black water tanks, monthly charging your batteries plus a 10 hours test to determine the state of your battery package.

After you have ticked all the required fields, you need to sign it with your e-mail address in the two designated boxes and save it to your own computer. Then you can send your form by e-mail to info@mys.nl. After receipt we will confirm your registration by e-mail.

Should you not succeed, you can print the form, fill it out and mail the form to us at MYS.

The places will be defined by order of entry based on first come first served basis. We have around 130 storage spaces in our heated and secured winter storage and 70 places outside on the quay side. We look forward to hear from you when you expect to arrive and your date to leave us again. Without a date we will assume 30th May 2021.

When you bring your yacht to our yard, would you please be so kind to drop your labelled keys in our letterbox next to the main entrance?

Should you have any additional works to discuss, please contact us by separate e-mail to info@mys.nl.

Thank you in advance and see you again soon.

Kindest regards,

Remco Sol
Manager MYS

AVAILABLE CLIENT AND YACHT INFORMATION

To avoid disappointment, we ask you kindly to complete attached "Winter storage form 2020" Excel spreadsheet before the September 15, 2020 and email it to us at info@mys.nl
